

Call for California avocado growers to petition USDA to fully restore its inspection of avocados from Mexico

As previously reported, in late 2024 USDA unilaterally downgraded its inspection obligations by shifting orchard inspections to Mexico. Shortly after, detections of stem and seed weevils in packing facilities increased with APHIS acknowledging that “the number of recent interceptions is notable given the infrequency of such interceptions over the history of the program.”

To date USDA has not reversed course so we are outreaching to newly appointed leadership at USDA ([see letter here](#)) and are asking all of you to support the effort.

List of 727 California avocado growers who signed the petition:

	Timestamp	Grower/Business name as you'd like it to appear on the letter	City	County
1	1/23/2025 16:10:58	Valencia Groves, LLV	Oakland	Alameda
